

Please be reminded that Parking is prohibited on snow covered streets, and on any street between 2:00 a.m. and 6:00 a.m. daily, per Florham Park Boro ordinance. All vehicles must be parked in garages or driveways at single and townhouse residences, and at flats buildings should adhere to the snow removal plan attached. Guest parking aprons are also in the class of 'curbside' and must be left clear. During and after the recent snows some cars were left curbside, obstructing snow removal. These will be ticketed. Flats residents without garage space, please use the parking opposite your front entry if feasible to allow the near side to be cleared first; please refer to [the plan](#). After initial clearing, switch sides.
