

Dear Resident

Please note, moving forward we will not accept any more applications for ARC modifications of ANY kind UNLESS you have all the proper documentation which is spelled out in the application process on [www.delwebbfp.com](http://www.delwebbfp.com). The management team is inundated with half completed applications due to residents handing in applications and forms without checking through the checklist on the website first. The ARC committee spends a lot of time to put these documents together and works hard to approve everything as quickly as possible. The applications that are incomplete will be returned moving forward. As mentioned in previous emails, please email [info@delwebbfp.com](mailto:info@delwebbfp.com) to schedule an appointment for us to go through the application and ensure it is complete. This will save you time and get your projects done MUCH faster.

Thank you

Stefany Durland  
Del Webb Management
