

The ARC (Architectural Review Committee) here at Del Webb Florham Park has an opening for a new member. Residents are encouraged to consider this opportunity for community involvement and there are no special background requirements. Like all our committees, ARC membership allows you to meet fellow residents, learn more about the community and how it operates, make a positive impact and feel appreciated. In particular, this committee gives resident volunteers the opportunity to play a meaningful role in maintaining the character of our lovely community. This in turn helps to protect the value of our property. Responsibilities include the following :

- Maintaining the ARC guidelines document and reviewing exterior modification requests by homeowners
- Assisting homeowners regarding ARC requirements
- Working with the First Service property management company to oversee our grounds (lawns, ponds, irrigation and snow removal)
- Preparing the monthly ARC update for the community Newsletter

The committee is made up of 5 members (all residents with varying backgrounds). Meetings are held on alternate Thursday afternoons in the clubhouse. Members have the option to join these meetings remotely when necessary. Applicants must be resident owners (singles, towns and condos) who have a desire to serve the community in a meaningful way.

If you interested in learning more about the committee, feel free to reach out to one of our current members at arc@delwebbfp.com. Once you are ready to complete and submit an application you can find it [here](#). Inclusion of your personal and professional background and experience is important to aid the selection process.
