

As a follow up to the email I sent yesterday- I am pleased to let you know that the paving on all road ways in Del Webb is complete. We are almost out of the clear.... the next and final step as mentioned is going to be line striping. This will take place **THURSDAY OCTOBER 27th at 7:00am sharp**. The plan is for the entire community to get striped in this one day. Please ensure you are able to move your car out of the areas where paving was completed in efforts to allow this to go as smooth as possible.

Please do not park in guest spaces that were recently paved on Doyle, Cunningham, Broom and Applegate Dr.

Please move your car out of the multi-family parking lots (condos)

If you are parked in the garage and need to leave the property on Thursday you will want to move your car out.

Line striping will take the full day to dry.

Parking is permitted on any street that wasn't paved along with the clubhouse, tennis court areas. Etc.

Thank you for your cooperation.
