

Dear Homeowner,

The amendment to permit electronic voting was approved based upon our receipt of less than 10% rejections. The amendment will be in effect once filed with Morris County and this is happening concurrent to you receiving this email. All homeowners will be enrolled into electronic voting. All ballots will be received electronically and your votes will be cast via the internet. **You have the option not to participate in electronic voting and receive your ballots via US Mail.** If you would prefer to do that, please complete [this form](#) and return it to Management as soon as possible. You can always change your selection of how to receive your ballots by notifying Management.

Thank you!
